

Bringing the learning to you

HEALTH AND SAFETY AT WORK

A minimum level of Health and Safety awareness is essential to promote safe, effective systems of work and to reduce accidents in the workplace. It should be a mandatory element of all employee induction schemes

Programme aims:

- **To introduce learners to contemporary theory and practice related to Health and Safety**
- **To equip learners with an understanding of Health & Safety Regulations**
- **To enable learners to act in a safe and effective manner at all times to protect the Health and Safety of themselves and others in the workplace**

Areas covered in the programme include:

- **Health and Safety Law**
- **The role of the HSE**
- **Safety signs and signals**
- **Relevant on site policies and procedures**
- **Basic knowledge of responsibilities of themselves and others to promoting safe systems of work**
- **Recognising and assessing risk**

H & S TRAINING PACKAGES FOR CSCS CARDS

CSCS cards give you access to construction sites and are increasingly becoming a requirement by employers throughout the industry.

If you have employees working alongside contractors in the construction industry you may find you are required to put your employees through the Construction Skills Basic Health and Safety Test. The Learning Taskforce can make test training, test taking and card application a smooth and successful route for your employees whilst you concentrate on your business.

Our training packages are designed to give you the greatest flexibility and choice of what suits you and your employees:
